VALUE
£10k-£250k
Project Value

We have a long-standing Framework Agreement with the Royal Voluntary Service (RVS).

Under this agreement we carry out the refurbishment, fitout and re-branding of their shops and cafes in hospitals across the UK. Works include the refurbishment of ceilings and wall finishes, joinery and decoration work, the installation of signage, flooring, new lighting and new power supplies for equipment such as cash desks and chillers.

BRINGING THE RVS BRAND TO LIFE

The Royal Voluntary Service is a national charity built on local volunteering, which gives support to people in hospitals and in the community. In all our work for the charity, we deliver bright, modern retail environments that bring the RVS' brand alive and which project the ethos and values of the organisation.

One recent example of our work is the retail fitout and M&E upgrades we made to the Royal Voluntary Service shop at Hairmyres Hospital in East Kilbride. Through this project, which was valued at £70k, we provided the retail facility with an updated look and a new, fresh feel.
